some boys are plastic straws who seem good and fit nice but end up being terrible for ur environment

others are paper straws who get the job done for a while but leave a gross flavor in your mouth

HA  
HA

the best boys are reusable straws, and once u find one of those u can hold on forever ❤️

HA

now we just need to think of a a reusable straw company that you can sell this advertising idea to

also v true

also paper straws are literally so wrong

against my religion
